Csus2                      G               D                  Em
I remember when we broke up the first time Saying, "This is it, I've had enough," 'cause like
      Csus2                 G               D               Em
We hadn't seen each other in a month When you said you needed space. (What?)
Csus2                           G           D                  Em
Then you come around again and say "Baby, I miss you and I swear I'm gonna change, trust
me."
Csus2                       G           D                  Em
Remember how that lasted for a day? I say, "I hate you," we break up, you call me, "I love
you."

   Csus2  G       D            Em
*Ooh,      we called it off again last night
     Csus2 G   D            Em
But ooh,       this time I'm telling you, I'm telling you

    Csus2 G         D        Em       D
**We are never ever ever getting back together,
Csus2   G         D        Em       D
We are never ever ever getting back together,
Csus2          G           D          Em       D
You go talk to your friends, talk to my friends, talk to me
       Csus2  G           D
But we are never ever ever ever getting back together

    Csus2                      G           D                       Em
I'm really gonna miss you picking fights And me falling for it screaming that I'm right
                   Csus2                        G
And you would hide away and find your peace of mind
         D                 Em
With some indie record that's much cooler than mine

I used to think that we were forever ever And I used to say, "Never say never..."
